SLSU - OFFICE OF RESEARCH SERVICES

ACCOMPLISHMENT REPORT

EXECUTIVE SUMMARY

As stipulated in the Research, Extension, Production, Development, and Innovation (REPDI) Manual, the Office of Research Services (ORS) supports the University by providing a meaningful institutional research and development agenda in instruction, research, extension, and production. The research and development initiatives are in line with the SLSU Harmonized Research and Development Agenda (HRDA) that primarily focuses on programs that will produce significant impact on the region's socioeconomic development. Specifically, the HRDA include the following thematic areas:

1. Agri-Innovation, Value Addition, and Marketing System
2. Environmental Protection and Management
3. Health Systems
4. Smart Analytics, Engineering Innovations, and Green Technology
5. Education Systems
6. Cross-cutting concerns

For this year's call for proposals for institutional funding, there were twenty-five (25) proposals subjected to a series of screenings. As a result, a total of 18 research projects successfully passed the whole evaluation process and eventually gained the SLSU Board of Regents' implementation approval with a total funding amounting to Php 2,802,455.00.

At present, there are eight (8) SLSU funded projects that are near completion, while thirteen (13) were reported as completed, with only five (5) of which have pending terminal report submission.

The SLSU faculty researchers also crafted several proposals that were submitted for evaluation under external funding. To date, there are ten (10) proposals submitted for initial evaluation, three (3) have ongoing implementation, and one (1) commissioned research was already completely implemented.

Research projects have not just ended with implementations. Presentations to local, regional, and international fora and conferences; publication to SCOPUS and other referred/indexed journals; research citations; and patenting of technology and inventions are the outputs that have significantly contributed to the University's improved performance in terms of research.

Undeniably, the percentage of plantilla faculty members who are actively engaged in research increased from 32.9% in the 1st quarter of 2021 to 38.98% in the last quarter of the same year. This may be attributed to the SLSU administration's effort to strengthen the research culture in SLSU. And for the part of ORS, it strives to contribute to the said end goal by initiating activities to equip and retool its pool of researchers. In 2021, the ORS team facilitated peer-mentoring and coaching through the Institutional Research Evaluation Committee (IREC) Pre-screening of Proposals, Agency In-House Review of Proposed and Completed Research Projects, and RDE Writeshop for

Satellite Campuses. Moreover, the ORS virtually hosted a university-wide writeshop on crafting funding worthy proposals and a workshop on pursuing research publication. The former aimed at encouraging faculty members with no recent research engagements to submit proposals to ORS for funding, while the latter sought to enjoin the proponents of completed projects and those nearing completion to write articles for journal publication.

In addition, the various laboratory and resources under the ORS umbrella also contributed to the fulfillment of its targets. These units include the Microbiology Research and Testing Laboratory (MRTL), Tissue Culture Laboratory (TCL), and the Center for Hazard and Environmental Resource Mapping (CHERM). All the said facilities became committed in providing excellent services to their clientele, including the researchers. Furthermore, the designated Research Coordinators' active participation in ORS undertakings contributed largely to the effective implementation of the R&D projects and activities.

Little by little, the university is getting closer to its vision of becoming a premier research university despite the existing challenges brought by the pandemic. Apparently, behind the realization of all the RDE accomplishments is the concerted effort of the SLSU researchers and the whole ORS team, led by the undersigned, who gained the full support and backing of the Vice President for REPD, Dr. Marissa C. Esperal, and the University President, Dr. Doracie B. Zoleta-Nantes. Hence, we dedicate this 2021 ORS Annual Report to all the individuals who worked hard and smart to accomplish commendable outputs to remind them on how well they performed this year, and at a same time, motivate them to aim a notch higher next fiscal year.

DELIA R. BABILONIA, PhD

Director, Office of Research Services

Research and Extension Council (REC)

The SLSU Office of Research Services (ORS) is one of the offices under the supervision of the Vice President for Research, Extension, Production, Development, and Innovation (VP-REPD). The ORS Director is responsible for its smooth operation, as well as the implementation of its programs and services.

In 2021, additional workforce were hired under the ORS, the Accounting Clerk and the Project Development Assistant. The Accounting Clerk directly reports to the ORS Director, but the scope of her tasks includes monitoring of the disbursements and other financial components of the projects under REPD. The Project Development Assistant, on the other hand, shall monitor the project implementation of research projects and the attainment of the expected outputs for

Research Coordinators

For each college and external campus of SLSU, there is a designated Research Coordinator. The Research Coordinators facilitate the conduct of research and development projects at the college/campus level in coordination with the ORS. They ensure the prompt submission of quarterly accomplishment reports of their college/campus in relation to research. They also assist ORS in mobilizing the project proponents to submit quarterly Progress Reports and copies of Terminal Report. Most importantly, they serve as the helping hand of ORS in the aim to boost the research culture in the university.

For 2021, the ORS expresses its gratefulness to the following Research Coordinators for a job well-done:

Jennifer Edytha E. Japor
(College of Administration,
Business, Hospitality, and
Accountancy)

Artemio Rajie M. Villenas
(College of Agriculture)

Fritzie L. Azogue
(College of Allied Medicine)

Editha E. de Jesus

Laboratory/Center Heads

TISSUE CULTURE LABORATORY

The SLSU Tissue Culture Laboratory aims to provide the students, farmers, and other community members with knowledge on how to improve their lives and the agricultural industry through tissue culture technology. At present, the laboratory works on producing viable Makapuno plantlets that are healthy and free of contaminants through embryo culturing and rescuing techniques. The plantlets are also available for sale.

While the post of a Laboratory Head is yet to be filled, there are three dedicated personnel that ensure the continuous operation of the laboratory.

Rose Ann M. Martinez
Laboratory Technician II

Jamaicah R. Rosales
Laboratory Aide II

Roland Oblenida
Administrative Aide

MICROBIOLOGY RESEARCH AND TESTING LABORATORY

The Microbiology Research and Testing Laboratory or MRTL is committed to constantly produce high-impact research outputs and consistently provide our clients with the highest quality of research and testing services that are anchored on international procedures and standards. It offers services such as water and food analysis.

A faculty member from the Department of Mathematics and Natural Sciences of the SLSU College of Arts and Sciences manages the MRTL with the assistance of one competent staff.

Maria Luisa A. Enal
Head, MRTL

Darlene Faye B. Cadao
Laboratory Analyst

CENTER FOR HAZARD AND ENVIRONMENTAL RESOURCE MAPPING

The Center for Hazard and Environmental Resource Mapping or CHERM aims to strengthen collaborative efforts of mapping agencies and stakeholders in the provision of geospatial data and services; capacitate LGUs, SUCs, line agencies, and other interested parties on the utilization of geospatial data and other derivative products; and, provide research-based authoritative geospatial data and services in all the stages of the Disaster Risk Reduction and Environmental Management Cycle, natural resource mapping, and other developmental concerns.

Mr. Ronald Garcia of the College of Agriculture in SLSU Lucban, used to serve as the Center Manager. But, in the latter part of 2021, the supervision was transferred to a faculty member in SLSU Lucena where the center is stationed.

Luis Joel T. Palamiano, Jr.
Research Manager, CHERM

Research Projects' Status

PROPOSALS FOR SLSU FUNDING

There are **18** research proposals for SLSU-funding that gained the endorsement of both the Finance Committee and the Academic Committee of the Board of Regents

(BOR). The proposals amounting to **Php 2,802,455.00** were approved by virtue of Board Resolution No. 58, series of 2021., for implementation in FY 2022.

Table 1.1 Research Proposals for implementation in 2022 under institutional funding

	Proposed Title	Proponent/s	Proposed Budget	Duration in mos.	Thematic Area
1	Acceptability of establishing teleradiology in Southern Luzon State University	Manuel P. delos Santos Brainerd Aldrin Lopez	100,760	12	Health Systems
2	Midwives' spiritual care competency: Basis for spirituality workplace plan	Lorna L. Cano Sandra D. Elma Roylan Almacen	132,165	8	Health Systems
3	Online learning and mental health of college students during the Covid-19 pandemic	Helene D. Daya	41,800	6	Health Systems
4	Techno-Psych Serv: Technology-based psychological services applied to male and female adolescents and adults with special needs	Marissa C. Esperal Michelle V. Ramirez	200,000	24	Health Systems
5	Challenges and resiliency of older adults amidst Covid-19 pandemic	Ana Violeta D. Cruz Maria Luisa E. Barretto Jessica A. Sabas	89,672	12	Health Systems
6	Acceptance of Covid-19 vaccine: A challenge in the Tagkawayan community	Melanie D. Salumbides Cristina D. Nicolas Wilma L. Comia Felix Lampos, Jr.	97,900	12	Health Systems
7	Productivity, profitability and quality of honey, pollen and propolis of stingless bees in various beehive materials	Ma. Isabel V. Caringal Roy S. Dayo Joana Marie P. Del Rio	199,544	18	Agri-Innovation, Value Addition, & Marketing Systems
8	Development of madre de agua (<i>Trichanthera gigantea</i>) and Girdled Horn Snail (<i>Cerithidea cingulata</i>) pelleted feeds for native pigs	Imelda A. Tangalin Veronica Aurea A. Rufo Manirose S. Lucban	387,145	36	Agri-Innovation, Value Addition, & Marketing Systems
9	Development of langkawas (<i>Alpinia galangal</i> L.) enhanced dilis (<i>Stolephorus commersonii</i>) bagoong	Reydante P. Gordula Veronica Aurea A. Rufo Maripaz T. Lampos	186,000	36	Agri-Innovation, Value Addition, & Marketing Systems

10	Product optimization of Nipa Sweeteners Shared Service Facility (SSF) project in SLSU Infanta Campus	Violeto N. Coronacion Wendy C. Nombrefia Roldan D. Jallorina Mira O. Reyes	199,800	12	Agri-Innovation, Value Addition, & Marketing Systems
11	IoT Soil Nutrient Detecting Device using color sensor and LoRa Technology for rice field	Arvin N. Natividad	198,800	24	Agri-Innovation, Value Addition, & Marketing Systems
12	Level of stress, coping mechanism, and job satisfaction of SLSU faculty amidst Covid-19 pandemic	Ethel Queddeng-Quesea Marites P. De Leon Jericho L. Marasigan	84,700	6	Education Systems
13	Awareness on data privacy vis-à-vis data management practices in Southern Luzon State University	Richard Veluz Leomar C. Miano Aurora L. Sumague	74,800	6	Education Systems
14	Learning challenges encountered by the graduating students amidst pandemic: The case of Southern Luzon State University-Catanauan	Aileen V. Elarco Francis B. Laguardia Kasandra Camille A. Ho	13,200	9	Education Systems
15	Distribution, phyto-chemical screening and biological activities of selected <i>Zingiber</i> Species in Mount Banahaw de Lucban	Editha E. De Jesus Julieta A. Lindo Riggs Rondilla	366,400	30	Environmental Protection and Management
16	Environmental literacy: A way forward for Climate Change Adaptation	Cherry C. Favor Felix B. Lampos Imelda A. Tangalin Zenaida C. Angeles	157,900	18	Environmental Protection and Management
17	Assessment of COVID-19's impact on Small and Medium Enterprises in Quezon Province through business health check	Jennifer Edytha E. Japor Leomar C. Miano Patrice Grace A. Caneo	161,484	12	Cross-cutting Concerns
18	Behind the tattered fishing net: A story of resilience of the fishing community	Jay-ar C. Recto Esmeraldo G. Arat Cherry C. Favor Rebecca D. Jason	108,900	12	Cross-cutting Concerns

OTHER CRAFTED RESEARCH PROPOSALS

Table 1.2 Other Research Proposals with pending approval

	Proposed Title	Proponent/s	Proposed Budget	Duration in mos.	Target Funding Agency	Remarks
1	Order Magnoliales trees in the mid-successional forest of Mt. Banahaw de Lucban	Dennis E. Pulan Eraldwin A. Dimailig Ronald C. Garcia	190,990	12	SLSU	On-going revision

2	Product of different varieties of dwarf coconuts for coconut farmers of Quezon Province	Moses T. Macalinao Reymar A. Ortega Michelle B. Villanueva Geraldine B. Advincula	—	36	SLSU	Ongoing revision
3	Solid waste management strategic review in the municipality of Gumaca, Quezon	Krish Bernadette P. Palay Harlene L. Dimailig Kristina N. Manalo	75,000	18	SLSU	For initial review
4	Developing and piloting community-based farming systems in Quezon: The role of Systematic Economic Engagement on Depressed Sitios (SEEDS)	Salvo O. Salvacion Ma. Isabel V. Caringal Angelito L. Mangubat	214,500	24	SLSU	Deferred (Project Leader applied for study leave)

2021 Ongoing Research

ONGOING SLSU-FUNDED PROJECTS

Among the **18** ongoing SLSU-funded research projects, **one** is being implemented according to the originally approved work plan

and **seven** are approved for extension. There are also **five** projects with pending Terminal Report submission.

Table 1.3 Ongoing SLSU-funded research projects in 2021

	Proponent/s	College/ Campus	Research Title	Budget	Duration in mos.	Remarks
1	Eriberto A. Casino	CABHA	Partnership between the Management Board of Mt. Banahaw-San Cristobal Protected Landscape (MBSCPL) and Southern Luzon State University towards Multilevel Environment Governance of Mt. Banahaw de Lucban	80,000	12 (July 2018– June 2019)	Approved for extension Expected completion date: December 2021

ONGOING EXTERNALLY FUNDED PROJECTS

There are **six** ongoing externally funded research projects. Among those projects, **three** are being implemented according to the

approved work plan, while **one** has pending Terminal Report submission to the SLSU ORS.

Table 1.5 Ongoing externally funded research projects in 2021

3

Research Outputs

Among the expected outputs of research projects are paper presentations and publications in the local and international avenues. Hence, the SLSU Office of Research Services provides financial support and monetary incentives to the group of researchers who will successfully present or publish the findings of their research.

In 2021, SLSU researchers showed enthusiasm in their research activities as manifested in the report of presentations, publications, and citations. These engagements resulted to an increased percentage of SLSU faculty members who are actively engaging in research, which is now at **38.98%** (See Table 2.8).

2021 Research Presentations

Table 2.1 2021 presentations in local fora/conference

	Presenters	College/ Campus	Research Title	Research Conference	Organizer/ Date	Awards Received

2021 OUTSTANDING RESEARCH PAPER ON EXTENSION AWARD

Mangrove Conservation Cum Livelihood Promotion Through Aquasilviculture of Mangrove Crab in Alabat Island, Quezon Province

Delia R. Babilonia, Sarah Joy Zoleta, Jobert G. Lomboy, Joel T. Altez, and Adrian C. Servando

2021 OUTSTANDING RESEARCH PAPER ON EXTENSION by PHILEASNET: Mangrove conservation cum livelihood promotion through Aquasilviculture of Mangrove Crab in Alabat Island, Quezon Province

COMPLETED PROJECT: *Kulayan mo ang puso ko sa panahon ng pandemya*: Drawing themes as indicators of socio-emotional well-being of selected children under home quarantine

COMPLETED PROJECT: Multi-site evaluation of the *Katatagan Kontra Droga sa Komunidad* as a jail-based drug rehabilitation program in Quezon Province

PROJECT NEAR COMPLETION: Community-Based Enterprise Development in the AMIA Villages in San Francisco, Quezon

ONGOING PROJECT: Cacao benchmarking study and documentation of success stories in Quezon Province

INTERNATIONAL PRESENTATION & SCOPUS PUBLICATION: Time-series forecasting of Covid-19 cases using stacked long short-term memory networks

STAARRDEC'S TRAINING CUM WRITESHOP ON DETAILED R&D PROPOSALS: The Consortium invited Dr. Babilonia to attend the training cum Writeshop on February 22-24, 2021 for the further development of her proposal on snapping shrimps. The proposal is a collaborative project with the Cavite State University (CvSU) Naic Campus, Marinduque State College (MSC) and the Ecosystems Research Development Bureau - Urban and Biodiversity Research, Development, and Extension Center (ERDB-UBRDEC). The organizer also requested SLSU to send researchers who can collaborate as project members for the Bamboo Project and Cacao Project. The University sent Ms. Lourdes Judith S. Sarabia of the College of Administration, Business, Hospitality, and Accountancy (CABHA) and Mr. Reyamar Ortega of SLSU Tayabas Campus.

ORS Activities

Institutional Research Evaluation Committee (IREC) Pre-Screening

A faculty member or employee who would like to conduct institutional research shall submit a capsule proposal in line with the ORS' priority areas in its Call for Proposals. The ORS shall endorse the submitted capsule proposals to ITSSO for Originality Checking. If it passed the checking, the proponents shall be notified to proceed with the writing of the full proposal for submission on the date to be set by the ORS. However, in case of failure to meet the minimum passing rate, the proponents shall receive recommendations from ITSSO as bases for revision of capsule proposals for resubmission to ORS.

The submitted full proposals shall be subjected to preliminary screening by the Institutional Research Evaluation Committee (IREC) constituted as follows:

Chairperson: Marissa C. Esperal, PhD
Vice-Chairperson: Delia R. Babilonia, PhD

- Members:**
- Gondelina A. Radovan, PhD
 - Frederick T. Villa, DT
 - Aprillette C. Devanadera, PhD
 - Mr. Rene P. Zubieto
 - Ms. Maria Luisa A. Enal
 - Mr. Charly R. Lacorte
 - Ms. Geri Mae A. Tolentino

In 2021, the IREC pre-screening of research proposals was held via ZOOM Video

Conference on April 7-8, 2021. There were 24 proposals presented to the members of the committee that were evaluated based on the following criteria:

Criteria	Max	Min
CONTENT		
• Relevance to HRDA	20	12
• Contribution to knowledge/ S&T advancement	20	12
PRE-SCREENING		
• Mastery of the content	8	4.5
• Effectiveness of presentation skills and delivery	7	4.5
• Organization of presentation	5	3
• Response in Q&A	10	6
ACTION SHEET	15	9
WRITE-UP		
• Clarity and style	10	6
• Cogency and logic	5	3
TOTAL	100	60

After the IREC Screening, the ORS forwarded an Action Sheet to proponents for their compliance and submission together with the revised proposals. Out of the 24 presented proposals, 20 met 60 points or higher. The number of qualifying proposals was 125% higher than last year despite the circumstances brought by the pandemic.

Agency In-House Review (AIHR) of Research Proposals

The ORS invited the proponents of the qualified proposals to present in the Agency In-House Review (AIHR) wherein an external panel from the Southern Tagalog Agriculture, Aquatic, and Resources Research, Development, and Extension Consortium (STAARRDEC) Pool of Experts served as evaluators. The invited evaluators lauded SLSU researchers for the novel and timely proposals presented during the two-day AIHR, June 10-11, 2021.

In general, the evaluators commended the proponents for coming up with very relevant and responsive research proposals. The evaluators also praised the SLSU's Institutional Research Evaluation Committee (IREC) for doing an excellent job in providing useful inputs during the pre-screening of proposals before its presentation in the AIHR.

SLSU researchers presented a total of 21 proposals. For the seven proposals under the Innovation and Development Category, Dr. Rosenda A. Bronce, the Director for Research and Development of Batangas State University, served as the lead evaluator. Dr. Loreto A. Novicio, the Chair of the Program/Project/Technology Evaluation Monitoring Committee of the Department of Science and Technology - Forest Products Research and Development Institute (DOST-FPRDI), evaluated the four proposals under the Environmental Science and Natural Sciences

Category. Dr. Nelia C. Cresino, a retired Professor 6 at the Cavite State University, examined the ten proposals under the Social Sciences and Education Category.

The proponents who complied with the experts' suggestions qualified for presentation to the Research and Extension Council and to the Academic/Finance Committee of the SLSU the Board of Regents (BOR), respectively, to gain the bodies' endorsement to the BOR.

1st RDE Writeshop Series for Satellite Campuses

The office of the Vice President for Research, Extension, Production, Development, and Innovation (VP-REPD) spearheaded the 1st RDE Proposal Writeshop for Satellite Campuses. The office of the VP-REPD, together with the Office of Research Services (ORS), the Office of Extension Services (OES), the Office of Production Services (OPS), and the Innovation and Technology Support Services (ITSSO), conceptualized and implemented the said writeshop series with the theme: "One SLSU: Adapt and Thrive in Research and Extension for Development in the New Normal." The series of writeshops were scheduled with the following clustering:

- June 7-8:** SLSU Alabat, SLSU Gumaca, and SLSU Catanauan
- June 14-15:** SLSU Infanta and SLSU Polillo
- June 21-22:** SLSU Tayabas, SLSU Lucena, and SLSU Tiaong
- June 30-July 1:** SLSU JGE Tagkawayan

The topics hereunder were discussed in the writeshop:

- Challenges in Research and Extension for Development in the New Normal
- Doing SLSU-Funded Research, The Right Way
- Extension Managers at Work
- Writing Production Proposal
- Protecting University Intellectual Property Towards Commercialization

By mentoring participants on the appropriate steps to take, the organizers aim to encourage the generation of fundable research, extension, and production proposals that reflect the University's priority research and development agenda and align with the emerging needs. Further, it is expected that budding researchers and extension managers shall be guided in writing publishable and fundable REPD projects that are aligned with the SLSU RDE priority areas for funding.

The Faculty and Staff Development Program of the Human Resource Management Office augmented the needed expenses for the implementation of the whole writeshop series conducted in both physical and virtual modes.

The RDE proposals produced from the writeshop were submitted to the Secretariat for possible institutional funding.

1st Virtual Celebration of the Science and Technology Week

Dr. Marissa C. Eperal, the SLSU Vice President for REPD, spearheaded the coordination of the 1st virtual celebration of the 2021 Science and Technology Week with the theme dubbed "Agham at Teknolohiya: Tugon sa Hamon ng Panahon."

SLSU Lucena was selected as this year's event host, while the REPD Offices provided assistance through the implementation of its programs and activities during the weeklong celebration, September 13-17, 2021.

The ORS Director, Dr. Delia R. Babilonia, and the Director of the Office of Extension Services, Engr. Lourdes A. Quevada, pushed the conduct of the Joint Virtual Agency In-House Review of completed research projects. The ORS also scheduled its hosting of the 1st Virtual Intercollegiate Research Conference (IRC) to be participated remotely by SLSU student researchers.

Dr. Melanie Cadao, the Director of the Office of Production Services, rolled out the conduct of promotional, while the office of Ms. Geri Mae A. Tolentino, the Director of the Innovation and Technology Support Services Office, hosted a seminar on Patent Drafting.

The opening program of the Virtual S&T Celebration was graced with the keynote message of the Regional Director of the Department of Science and Technology

(DOST) CALABARZON, Ms. Emelita R. Bagsit, who encouraged the university researchers to pursue proposal submissions under their agency's Science for Change Program (S4CP).

The best papers during the presentations in the Joint AIHR and the IRC were properly recognized in the closing program of the celebration and were awarded with cash incentives, plaques, and certificates.

Agency In-House Review (AIHR) of Completed Research

The ORS spearheaded the 2nd Virtual Agency In-House Review (AIHR) of Completed Research Projects and the 1st Virtual Intercollegiate Research Conference (IRC) in line with the S&T Celebration. The events were held via Zoom last September 13-14 and September 15-16, respectively.

Dr. Merdelyn Caasi-Lit, the Vice Chancellor for Research and Extension of the University of the Philippines - Los Banos, graced the occasion with her presence as key-note speaker in the AIHR of completed research. The invited AIHR evaluators were:

- **Dr. Cleofas R. Cervancia**
Professor Emeritus, Institute of Biological Sciences, University of the Philippines, Los Banos
- **Dr. Josefina T. Dizon**
Professor 12, College of Public Affairs and Development, University of the Philippines, Los Banos
- **A/Prof. Christian Paul P. dela Cruz**
Director for Research and Development Laguna State Polytechnic University

After the presentations, the papers identified hereafter were hailed as best among the AIHR-evaluated papers. The winning authors in the received certificates and cash awards.

2nd Virtual AIHR: Research Category

1st Best: The Roles of Internal Locus of Control and Grit in Managing the Academic Stress of Senior High School Students in Southern Luzon State University (*Karen Anne C. Quing & Jomar Saif P. Baudin*)

2nd Best: Multi-Site Evaluation of the *Katatagan Kontra Droga sa Komunidad* as a Jail-Based Drug Rehabilitation Program in Quezon Province (*Gino A. Cabrera & Noreen P. Echague*)

3rd Best: Cities and Municipalities Competitiveness Index Survey (*Jed Frank S. Marqueses and Charly R. Lacorte*)

2nd Virtual AIHR: Development Category

1st Best: Refinement of Mussel Transplantation techniques for Developing Mussel Farming Industry in Quezon (*Victoria M. Noble, Sherrlyn U. Magdame, & Jofren R. Moreno*)

2nd Best: Promotion of Mud Crab Fattening and Crab Meat Technologies (*Maripaz T. Lampos, Reydante P. Gordula, & Nemia C. Pelayo*)

1st Virtual Intercollegiate Research Conference (IRC)

3rd Best: Market Exploration and Commercialization of Native Pig Products in Selected Municipalities in Quezon Province (*Felix B. Lamos, Veronica Aurea A. Rufo, Editha D. Buenaventura, & Melanie D. Salumbides*)

The faculty members who presented their completed SLSU-funded research in the AIHR also received Research Completion Certificate and Research Completion Award amounting to PhP 10,000 per research group. On the other hand, for the IRC, the following student papers received cash awards and plaque of recognition.

1st Virtual IRC: Research Category

1st Best: Growth Performance of Transplanted Green Mussel (*Perna viridis*) Using Modified Long Line Method (*Ela P. Clemeno, Vincent D. Majan, & Maricar T. Pita*)

2nd Best: Cost and Return Analysis of Green Mussel (*Perna viridis*) Farming of SLSU JGE Tagkawayan (*Bhejay R. Montenegro & Gemmalyn M. Mendoza*)

3rd Best: Exploring the Challenges in the Leadership and Management Roles of Nursing Service Administrators Amidst Covid-19 Pandemic (*Viene Angeli L. Dedace*)

1st Virtual IRC: Development Category

1st Best: Voice to Sign Language Learning Kiosk (*Gavien Nathaniel Tarrega, Fritz Emmanuel Flores, & Re Anne Soronel*)

2nd Best: Web-Based Inventory Management System for Physical Plant and Facilities of SLSU Lucena (*Romela V. Ella & Jonelle V. Padillo*)

3rd Best: Learning Styles of Laboratory High School Students in Physical Science Education: Input for Developing Teaching Materials (*Mary Grace A. Conti & Ma. Theresa L. Gamilla*)

Writershop on Crafting Funding-Worthy Proposals

In order to improve the generation of relevant research projects in Southern Luzon State University, the Office of Research Services spearheaded a Virtual Writershop on Crafting Funding-worthy Proposals with the theme "SLSU Towards Becoming a Premiere Research University," last November 9, 2021 via ZOOM video conference.

The Virtual Writershop was actively attended by the faculty members and employees from the different campuses of SLSU. The University President, Dr. Doracie B. Zoleta-Nantes, also attended virtually and expressed her gratitude to the resource speakers and the organizers of the activity. Dr. Delia R. Babilonia, Office of Research Services Director, started the discussion with the presentation on how to do SLSU-funded research the right way. Other speakers were also invited to discuss relevant topics such as:

- GAD as a Cross-Cutting Concern: Gaps to be addressed
Dr. Susana A. Salvacion
 Head of the SLSU Gender and Development
- Utilizing the Harmonized Gender and Development Guidelines (HGDG) Tool in Your Research
Dr. Nelia C. Cresino
 Certified National GAD Resource Pool of Philippine Commission on Women

- Writing a 'Good' Literature Review
Dr. Nicanor L. Guinto
 Head of the SLSU Department of Languages, Literature, and Humanities

Moreover, the ORS announced its 2022 Call for Proposals and discussed the identified priority areas that the proponents must address.

Workshop on Pursuing Research Publication

One of the ultimate goals in conducting research is to have it published in reputable journals for it to be contributory to the body of knowledge in the scientific community. However, there is a low number of SLSU researchers who published the result of their funded research. Further, some who were able to pursue publication were not often noticed by other researchers as evidenced by the citation reports submitted to the ORS.

Thus, the ORS conducted a workshop to motivate researchers to pursue publication and to increase citation counts last November 18, 2020 via Zoom video conference. The following topics were discussed by the invited resource persons:

- Research as a Key Performance and Output Indicator
Engr. Maribelle Gaytano
Directors of SLSU Planning and Development Office
- Guide to Authors: Literature Mapping, Paraphrasing, and Citation
A.Prof Garry Jay S. Montemayor
Faculty Member, College of Development Communication, UPLB
- How to Get Your Research Published and Then Noticed: The Experts Point-of-View
Doracie B. Zoleta-Nantes, PhD
University President, SLSU

Renato R. Maaliw, III
Dean, College of Engineering
SLSU Lucban, Quezon

Aprilette C. Devanadera
Program Chair, MA in Applied Linguistics, SLSU Lucban, Quezon

Few days after the workshop, the ORS release its Call for Papers for the 2022 Issue of the SIYASIG Journal.

OTHER ACTIVITIES

ORS CONSULTS RESEARCH COORDINATORS

As part of the planning and implementation of the ORS activities for Fiscal Year 2021 and to address pressing concerns, the office decided to consult with the Research Coordinators of SLSU colleges and campuses through a virtual meeting via Google Meet on January 13, 2021.

ORS Director Dr. Delia R. Babilonia presented to the attendees the proposed revisions in the Research Manual. The SLSU Research and Extension Council and the SLSU Board of Regents (BOR) Academic Committee already scrutinized the draft that is already for endorsement to the BOR; yet, the ORS opted to present it again to the coordinators to gather their feedback on the recommendations of the said bodies. Dr. Babilonia noted all the suggestions and committed to discuss all the matters raised with Dr. Marissa C. Esperal, the SLSU Vice President for Research, Extension, Production, Development, and Innovation (VP-REPD)

As part of the other matters for discussion, Dr. Babilonia mentioned the status of the SIYASIG Journal of SLSU. She asked the attendees for the strategies that may be adopted to ensure that there will be a regular publication of the said journal. It shall be one of the initial steps to be taken for it to be accredited by the Commission on Higher Education.

ORS HEADS UP WITH RESEARCHERS

To ensure project completion within the allowed time frame, the ORS called a meeting with the proponents of on-going institutional research projects of SLSU on January 14, 2021, via Google Meet.

The ORS presented the status of SLSU-funded research with emphasis on the ongoing projects. Dr. Delia R. Babilonia, the ORS Director, asked the project leaders for updates on their research implementation, including the challenges they are experiencing at present. Then, Dr. Babilonia and Vice President for REPD, Dr. Marissa C. Esperal, properly addressed the concerns and took down the matters for clarification later with the procurement and finance offices.

Dr. Babilonia also requested the attendees to provide their insights and suggestions with the plan to revive SIYASIG, the official journal of SLSU. In general, the researchers expressed their support to achieve the accreditation and pursue the publication of SIYASIG, which shall the university and its researchers.

ASSISTANCE TO SLSU TAYABAS STUDENTS

Last January 28, SLSU Tayabas tapped ORS to provide panel members to critique students' research proposals. Some of the proposals include the SLSU Tayabas Dwarf Coconut Demo Farm as study site. Engr. Moses Macalinao, the Campus Director, gave the ORS a chance to see the commendable developments in the said site.

Dr. Esperal and Dr. Babilonia visited the DOST-funded project on makapuno in Alabat Island to monitor the developments and challenges currently encountered in the plantation sites in Alabat, Perez, and Quezon, Quezon. The project is in partnership with the LGUs in Alabat Island, DA-RFO CALABARZON, PCA, PCRDF, and SLSU. || July 2021

Dr. Esperal, Dr. Babilonia, A.Prof Glemehille Maestro, Ms. Rose Ann Martinez, and the engineers from the SLSU Planning and Development Office visited the East-West Seed Company, Inc. to benchmark its Tissue Culture Laboratory. The result of the benchmarking activity shall be used for the improvement of the SLSU Tissue Culture Laboratory which was granted a budget of PhP 5,000,000 under the FY 2022 GAA. || November 2021

The construction of the Mt. Banahaw R&D Center is now on its way. The project was approved and granted with the budget amounting to PhP 16,000,000.00.

The center is intended provide facilities for generation of research related to protection, conservation, and utilization of Mt. Banahaw. The 600 sq.m. three-storey facility shall contain a museum, laboratory, GIS room, researchers' space, conference area, and guest rooms.

The facility is located at the SLSU College of Agriculture, Barangay Ayuti, Lucban, Quezon.

CALL FOR PROPOSALS 2022

Capsule Proposal
Submission Deadline:

December 15, 2021

Submit via email at
reseachser@slsu.edu.ph

Contact us at (042) 540-8506

Please see ORS Memo 13, s. 2021 for more details.

PRIORITY AREAS:

SLSU HARMONIZED RESEARCH & DEVELOPMENT AGENDA

- Smart Analytics, Engineering Innovations, & Green Technology
- Cross-Cutting Concerns
- Environmental Protection and Management
- Education Systems
- Agri-Innovation, Value Addition, & Marketing Systems
- Health Systems

CALABARZON RDRA URGENT RESEARCH STUDIES

- High Value Commercial Crops
- Health and Nutrition
- Disaster Risk Reduction
- Poverty

STAARRDEC COMMODITY THRUSTS

- Rubber
- Bamboo
- Coconut
- Cacao
- Vegetables
- Native Pigs
- Mussel
- Watershed
- Climate Change

OTHER PROPOSED RESEARCH AREAS

- Glycemic Index of Alabat Coconut Sugar
- Mandanas Ruling

SIYASIG

The Official Journal of Southern Luzon State University
