## Features:

Hot air and hot iron 2in1 rework soldering station; Extremely low noise and space saving design; Dual LCD digital displays to show precision temperature; SAMSUNG microcomputer control, quick warming-up; PID technology to enhance temperature stability;

Adjust the airflow and temperature control rotation easily; intelligence self-detection function features safe personal operation;

Automatically stop rotation when the temperature is less than 70°C; Handle with sensor switch features access operating mode when picks up or standby mode when lays down; Automatic cooling function for effectively prolonging the heater's life and protecting the hot air gun; ESD design of soldering iron to protect sensitive components;

International standard heater for convenient use and exchange; High-quality resistance for durable use; Plastic holder for placing the hot air; Metal stand for keeping the iron from flammable materials; Fits for heating shrink, drying, lacquer removal, viscosity removal, ice-out, pre-heating and glue soldering; Dimension : 4" x 5.2" x 6"(10 x 13.2 x 15cm)
