PROJECT TITLE : Subdivision and Relocation Survey of 1 Hectare Lot donation of LGU Alabat

PROJECT LOCATION : Alabat, Quezon

OWNER : Southern Luzon State University

PROJECT DURATION : 30 CD

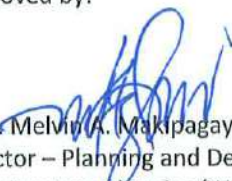

SCOPE OF WORKS

1. To conduct a preliminary site investigation for existing monuments or controls available found useful to the boundary verification and to conduct technical research to respective government agencies for the registered metes and bounds of the subject property.
2. To establish control points using tertiary project control standards as stated on official gazette/DENR Administrative Order (DAO 2007-12). Angular and linear errors of closures must be in accordance with the specifications and requirements of the Manual for Land Surveys in the Philippines (Land Administrative Order No. 4)
3. Relocation/Subdivision survey of the boundary of the subject lot and mark all corners with the prescribed markers/monuments, describe in the above – mentioned subject with standard accuracy as stated on DENR Administrative Order 98-12 as amended otherwise known as Survey Manual in the Philippines
4. To collect data about the existing structures of the project site. Determine the locations of the buildings, roads and other structures on the proposed project site by measuring horizontal distances, and directions.
5. To prepare Lot and As Built Plan signed and sealed by a licensed Geodetic Engineer with the standard surveying and mapping requirement and specifications stipulated in the Manual for Land Surveys in the Philippines (Land Administrative Order No. 4 of the Bureau of Lands); in addition, to prepare survey returns for the consolidation-subdivision plan to be submitted and approved by DENR – Regional Office.
6. Relocate, set and mark on the ground the missing and/or disturbed corners by PS concrete monuments.
7. Rectification of erroneous technical description.
8. Set at least two control points on the ground.
9. Provision of the printed, electronic copy (dwg file), & Google Earth overlay of the lot (kmz or kml file) of the final survey plan of the lot verified, signed and sealed by a duly registered professional.
